

It's been a busy summer at Pal's Park

If you've driven by the Park or walked by on the Rail Trail this summer, you've likely seen lots of activity happening at Pal's Park.

All of this work has been made possible by The Arthur J. and Lee R. Glatfelter Foundation, Powder Mill Foundation, Embracing Aging at the York County Community Foundation, Gannett, and our amazing individual donors who have been supporting the park through crowdfunding efforts like Give Local York over the past year and a half!

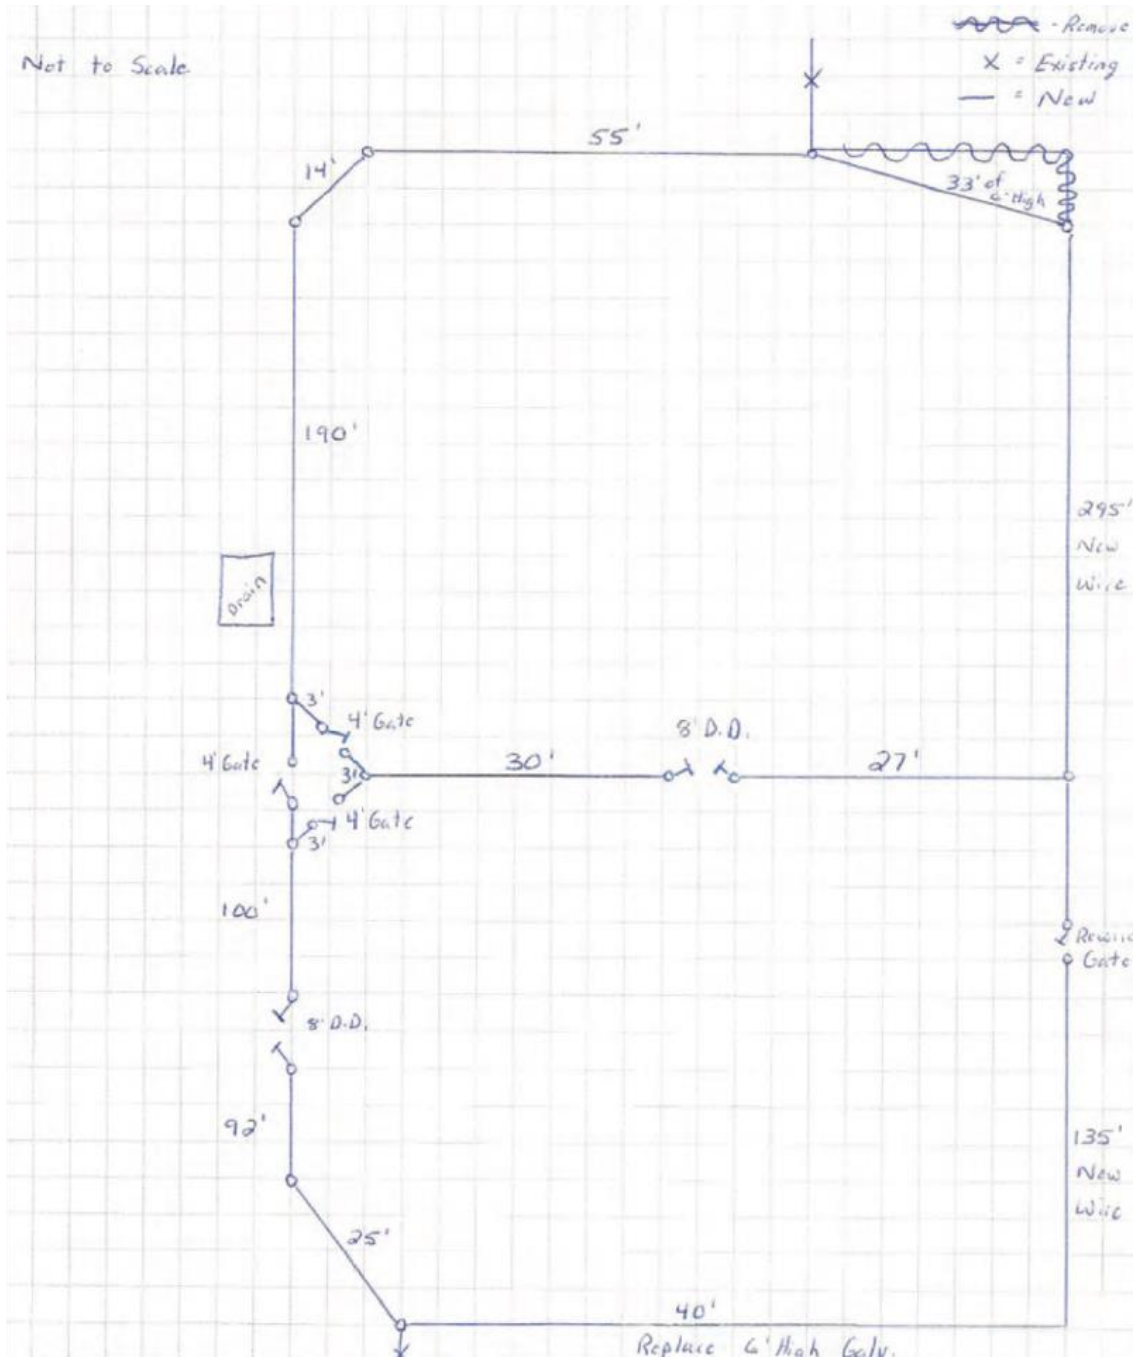

First, York Water Company extended the water access and installed the meter pit. This will eventually serve our water fountains to keep pals hydrated while playing.

Next, E.K. Services installed the water line extension.

Next week (!), Security Fence will install 498 linear feet of 4ft-high black vinyl coated chain link fence (plus gates and entry areas!) and replace 470 linear feet of the existing 6ft fence along the rail line to create a Large Dog area and a Small Dog area.

But... all of this construction has left the grass a little more torn up than anticipated.

Don't worry - we'll be reseeding so we don't have a Woodstock-for-Dogs type situation! However, that does mean that the opening of the park for use will be pushed back a bit.

We're most likely looking at a Spring 2021 Grand Opening to have the park all ready to go and in a condition that we will all feel comfortable letting our dogs play. We'll be in touch to share updates and invite you to the official ribbon cutting next year!

Stay tuned for updates at the Pal's Park Facebook page

(https://www.facebook.com/palsparkyork/?ref=br_rs) .

If you'd like to contribute to the building efforts, you can donate online here: <https://donorbox.org/pals-park-summer-2020>. Thanks to the York City Parks Conservancy for serving as our fiscal sponsor!

And thank you for your continued support!

Holden
